WORK HISTORY

06/2021 -
06/2022

Web Developer

 Prenetics, Ambattur, Chennai

- Planned Website Development, converting mockups into usable web presence with HTML, CSS, React Js, Typescript, Express Node s, API, TypeORM and JSON coding.
- Provide Front-end website development using VS Code editing software.
- Implemented the changes using GitHub which were checked via CICD in the AWS.
- Engaged with clients to plan and optimize site issues and queries.
- Initially worked mostly in the Front-end bases.

12/2020 -
05/2021

Operations Engineering

 Prenetics, Ambattur, Chennai

- Provided technical assistance during operational changes via both on-site support and remotely.
- Initially worked on the DBMS using pgAdmin4 PostgreSQL Tools in the LINUX OS.
- During this period, we achieved this by listing on the NASDAQ in the US. This is the first-ever UNICORN to be listed in any market.
- In Between, we tried to implement the automation using API to minimize the usage of DB.
- Actively listen to requests, confirming full understanding in JIRA before addressing concerns and resolving the problem.

EDUCATION

06/2015 -
04/2019
